

## A Best-in-Class One-Stop Solution

We are pleased to announce 24x7x365 Video Remote Interpreting access to the highest quality American Sign Language (ASL) interpreters through our partner, Deaf Link.

You may already know that WorldWide Interpreter's proprietary **INTERPRETER IN A BOX™** is the only system for language interpretation that combines the following essential features:

- It is wireless and can easily be **Taken to the Point of Need**;
- It can be operated **Hands-Free** as a speakerphone;
- It has a **One-Button Quick Connection** to the language interpreter call center, so there is no phone number or PIN to remember; and,
- It is **Single-Purpose** connecting only to the interpreter call center and, therefore, will not be abused for personal calls or stolen.

Similarly, Deaf Link is the only provider of ASL interpretation that features:

- No **Pre-Scheduling Requirement** or Last Minute Scheduling Fees!
- **Pre-Recorded Interpretations** for Frequently Used Content
- **Insured, Certified ASL Interpreters**
- From a **HIPAA Compliant and Encrypted** Communication Center.

Together, we can assure your facility of Title VI, ADA, JCAHO, and HIPAA compliance for complete Confidence and Peace of Mind.
